March 8, 1976

CLERK: 10 ayes, 16 nays.

PRESIDENT: Motion fails. Senator Dworak.

SENATOR DWORAK: I move that LB 861 be advanced to E & R for engrossment.

PRESIDENT: We want to confer with the Speaker for just a moment, Senator Dworak.

SPEAKER: Mr. President, members of the Legislature. I would request that LB 861 be held for awhile. I was just conferring with the Bill Drafter. I'd like to take care of the problem that we have up there. He will have an amendment before too long and I think we'll have it ready to go before the day is over.

PRESIDENT: Senator Duis. Senator Dworak.

SENATOR DWORAK: Mr. President, I have no objection to Speaker Burbach holding the bill over, but would it be brought up at a time certain on Select File later today? Jules, is that before the end of Select File? I have no objection.

SPEAKER: Not before the end of Select File, but sometime today. He is just left.... Well he's still here yet and he hasn't gone down to his office to draft it, so it will be sometime today. I'll bring it up out of order and present this amendment.

SENATOR DWORAK: OK, I have no objection. Thank you.

PRESIDENT: Is that a request for unanimous consent? Senator Burbach, are you requesting that this matter be laid over ... the advancement?

SPEAKER: Hold it over until sometime later today. I'll have the amendments before the day is over.

PRESIDENT: Is there an objection? Seeing none, it's so ordered.

Senator Duis, for what purpose do you ask recognition?

SENATOR DUIS: In regard to LB 724, Mr. President. I'd ask that it be held until today within the possession of the Legislature. In order that I might move on it now I would ask unanimous consent that it proceed on its normal way to be sent over to the Governor. I do this because I do want a matter of record made in the Legislature. I wish that, Senator Stull, would you please, sir,....

PRESIDENT: Could.... What are you talking about, Senator Duis? I'm not sure where we are here.

SENATOR DUIS: LB 724, I've made a unanimous consent....

PRESIDENT: Well that isn't up, is it?
